Ibattz's Limited Warranty and Limitation of Liabilities

ADDITIONAL RIGHTS

For consumers, who are covered by consumer protection laws or regulations in their country of purchase or, if different, their country of residence, the benefits conferred by this warranty are in addition to all rights and remedies conveyed by such consumer protection laws and regulations. This warranty does not exclude, limit or suspend any rights of consumers arising out of nonconformity with a sales contract. Some countries, states and provinces do not allow the exclusion or limitation of incidental or consequential damages or allow limitations on how long an implied warranty or condition may last, so the limitations or exclusions described below may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary by country, state or province. This limited warranty is governed by and construed under the laws of the country in which the product purchase took place.

LIMITED WARRANTY

For a period of ONE (1) YEAR from the date of retail purchase by the original end-user purchaser ("Warranty Period"), Ibattz warrants (in) this product against defects in materials and workmanship, and (ii) that each Product, unmodified and under normal use and conditions, will substantially comply with Ibattz' applicable written technical documentation for the Product. Ibattz reserves the right to make substitutions and modifications from time to time in the specifications of Products sold by Ibattz, provided that such substitutions or modifications do not materially affect overall Product performance.

If a hardware defect exists and a valid claim is received within the Warranty Period, at its option and to the extent permitted by law, Ibattz will (1) repair the hardware defect at no charge, using new or refurbished replacement parts, (2) exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product, or (3) refund the purchase price of the product. Ibattz may request that you replace defective parts with user-installable new or refurbished parts that Ibattz provides in fulfillment of its warranty obligation. A replacement product/part assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your

property and the replaced item becomes Ibattz's property. When a refund is given, your product becomes Ibattz's property.

OBTAINING WARRANTY SERVICE

If you purchased the product outside of Singapore, deliver the product to any Ibattz Authorized Importer in the country where you purchased the product. Be aware, however, that not all countries have Ibattz Authorized Service Providers ('NASP') and not all Authorized Service Providers outside the country of purchase have all parts or replacement units for the product. If the product cannot be repaired or replaced in the country it is in, it may need to be sent to a different country or returned to the country of purchase at your expense for repair or replacement. If you seek service in a country that is not the country of original purchase, you will comply with all applicable import and export laws and regulations and be responsible for all custom duties, V.A.T. and other associated taxes and charges. Where international service is available, Ibattz may repair or exchange defective products and parts with comparable products and parts that comply with local standards.

You can always deliver the product to Ibattz's Singapore service center for obtaining warranty service, however, you may have to pay for shipping cost.

Ibattz may send you user-installable new or refurbished replacement product or parts to enable you to service or exchange your own product ("DIY Service"). Upon receipt of the replacement product or part, the original product or part becomes the property of Ibattz and you agree to follow instructions, including, if required, arranging the return of original product or part to Ibattz in a timely manner.

When providing DIY Service requiring the return of the original product or part, Ibattz may require a credit card authorization as security for the retail price of the replacement product or part and applicable shipping costs. If you follow instructions, Ibattz will cancel the credit card authorization, so you will not be charged for the product or part and shipping costs. If you fail to return the replaced product or part as instructed or the replaced product or part is not eligible for warranty service, Ibattz will charge the credit card for the authorized amount.
